Students Satisfaction Survey

As per guidelines of NAAC, students satisfaction survey (SSS) was conducted in the college. It is an evaluation of every aspect of the institution. SSS is a part of accreditation process. Survey consists of 20 competent questions and students have to answer it. It is an institution level feedback system. Our SSS was conducted offline by given them forms with questions. The observations of the SSS are as follows.

- 1) Students appreciated teacher performance in the areas of communication & approach toward students.
- 2) Fairness of the internal evaluations process by the teachers was always fair noted by the students.
- 3) Response of the students towards mentoring process in the institution for the growth was positive.
- 4) Explanation of concept with examples, identifying weakness of students and encouragement by teachers was highly rated in the survey.
- 5) Overall the response to survey was positive.

* There were few areas of concern where scope for improvement was seen. Those areas are as follows.

- 1) Use of ICT in teaching should be enhanced.
- 2) Skill based programmes need to be started.
- 3) New post graduation courses to introduce in the college.
- 4) Physical Infrastructure should be enlarged to open various facilities in the institution.
- 5) Number of books should increase in the library.
- 6) Need to have playground of our own was strongly felt by students.

The overall performance of the Institution was positive and need for improvement in some areas will be forwarded and priorities and to be addressed within time.
